PROFILE

Aspiring Web Developer seeking opportunities to apply skills in JavaScript, Vue.js, React, and frontend development. Experienced in building web applications with a focus on user interfaces, API integration, and responsive design. Contributed to the development of web-based solutions for real-world applications. Passionate about web development, problem-solving, and continuous learning with a focus on frontend technologies and backend integration.

EXPERIENCE

Frontend Developer Internship
2025

Developed a web app for DepEd Region IV-A CALABARZON to issue Special Order documents, authorizing graduation for SHS Grade 12 students from private and non-DepEd institutions. Focused on user-friendly interface and API integration.

- Contributed to the development of a web app for generating Special Order documents for graduating students.
- Utilized Vue.js for dynamic rendering and API integration.
- Helped design a responsive UI using Tailwind CSS.
- Assisted in backend API management with Laravel.

Full Stack Android Developer
2024 - 2025

Mobile-Based Virtual Eyeglass Frame Fitting Using Augmented Reality with Online Appointment Management System for R. Sarabia Optical

- Designed and deployed a mobile application with augmented reality (AR) for virtual eyeglass fitting, serving 150+ users.
- Integrated Firebase for secure authentication, notifications, and data storage, improving system reliability by 30%.
- Led a cross-functional team to enhance the application's user interface and overall functionality.
